

HOPE FOR SUCCESS OF VICTORY NOTES

Nearly Three Billion Now Subscribed
and Treasury Officials Look for
Issue to Go Over.

ARE NOT OVER CONFIDENT

Satisfactory Results Are Not Taken
to Indicate That All Anxiety Is
Passed—Two Days Remain.

WASHINGTON. May 8.—The Victory Liberty loan subscriptions have now reached \$2,818,612,000, with an increase of \$155,877,000 in the last 24 hours. These figures as announced tonight by the treasury show that 82.4 per cent of the \$3,000,000 quota has been subscribed.

Today's results went far toward removing the anxiety felt heretofore by treasury officials over the progress of the loan totals toward the total needed. With the speed shown by subscriptions in the last two days, continued tomorrow and Saturday, the recorded subscriptions by Saturday night should be between \$3,000,000 and \$3,050,000, officials think.

That will leave a billion more to come in as a result of the final count of last minute sales and in previous loans the amount of these belated subscriptions has usually been higher than a billion.

Another factor which probably will tend to swell the late figures is that big corporations may enter larger subscriptions than they really desire, in the belief that their final quota will be easily met. They would reap from such payments the treasurer's announced intention of accepting no more than \$4,000,000 subscriptions unless the purchases of \$10,000 or less of Victory notes should push the total beyond that figure. No subscriptions of \$10,000 or less are to be rejected.

The feeling of relief apparent about the treasury today is not to be interpreted, however, as indicating any reason why all the subscription points should not be rolled in during the remaining two days.

A race for the highest standing in percentage of quota at the close of the records Saturday has developed between the St. Louis district, which still heads the percentage list with 87.54, the Minneapolis district with 78.91, and the New York district with 71.85. New York, in the figures tabulated tonight at the treasury, was within \$1,000,000 of \$1,000,000.

VILLA'S FORCES DESTROY NORTH MEXICAN RAILWAY

EL PASO. May 8.—Freight and military supplies for central Mexican points are being re-routed through Eagle Pass and Piedras Negras, Coahuila because Villa rebels have destroyed rail communication south of Chihuahua City. Quantities of furniture and supplies were shipped from El Paso today after having been sent to Juarez for transportation over the Mexican Central yesterday and refuted.

Villa's command divided after abandoning Parral, which was held six days. One band went to the Durango rendezvous where Villa always caches his loot. The other is reported to have moved to the town of Ojinaga, presumably on an ammunition smuggling expedition. This column crossed the railroad south of Santa Rosalia Monday and is following the Conchos river toward the border. General Angeles is reported to be in command of this expedition.

General Manuel Dieguez, the new commander of the northern part of the northeast, has organized a squadron of four airplanes for use in locating Villa's followers in the field. Others are to be supplied General Castrillo from Mexico City.

Hunks Create Commission.
By The Associated Press.
BERLIN. Wednesday, May 7.—Dr. Bernhard Dernburg, chairman of the commission of an national commission of three cabinet members to stimulate industrial production so that Germany can pay for foodstuffs in manufactured articles as well as in gold.

Hayes Formally Invested.
NEW YORK. May 8.—Archbishop Patrick Hayes has been formally invested with the insignia of his new office as head of the New York archdiocese. The ceremony at St. Patrick's cathedral was attended by six other archbishops, about 50 bishops, 100 monsignors, 500 chaplains and at least 1,000 priests.

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh
and avoid illness.

Sanitary science has of late made rapid strides with results in the art of cold blessing—hot water. The latest application of its utility is research in the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull, heavy when we wake, spry when we start from a cold, foul room, or breath acid stomach can instead feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast drink a glass of hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and lungs the previous day's indigestible waste, sour bile and poisonous toxins. This cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The mildest of tonics, which are helpful with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders, and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

Thirsty for Many Years, Water Gets to Them at Last

MIDWAY addition will soon have but minor aspect if the proposed conveniences as outlined in the order planned. Little water was consumed in this early negotia-

tion little spent yesterday, and the residents are now enjoying their first rest from welding the pump handle since Tulsa was a town.

Midway addition is a small section of the city located on East Third street and Elko, and while being completely surrounded by the city, with Kendall addition stretching to the east and encompassing all the modern improvements of the city, is now 19 acres in extent and now comprising but about two blocks, is still at the small town stage. It was annexed to the city less than a year ago, and with the first step taken will soon boast all the luxuries and conveniences of the city.

HUSBAND WHO BEAT WIFE IS ARRESTED BY POLICE

E. E. Peterson, 1405 Monroe street, was arrested at his home this morning by Motorcycle Officer Johns and is being held by the police awaiting the outcome of injuries to his wife which occurred in a local hospital as the result of a beating. Peterson is alleged to have given her a peaceful night and that her injuries were not serious.

A Discreet Answer.
It was at the Place du Chatellet, Paris, and a small crowd of about fifty convalescents was gathered together. The following dialogue went on between one of the wounded and an invalid who often went to the old shop where were you wounded?"
"In my foot," the soldier quietly replied.

"But in what country?"

"Would you mind my asking my captain?" the soldier answered after moment's hesitation.
"Where is your captain?"

"He's in the place where I was wounded," was the reply.—Everybody's.

WINTER WHEAT CROP LARGEST EVER GROWN

Forecast is for Almost 900,000,000 Bushels, Worth More Than Two Billion Dollars.

AN ENORMOUS KANSAS CROP

State Will Purchase 22 Per Cent of Total Production to Import Canadian Product.

WASHINGTON. May 8.—The wheat crop of winter wheat ever produced in any country is 900,000,000 bushels, according to the department of agriculture's forecast of acreage, yield and market value.

Even the operating feature of the department's forecast is that the wheat crop will be 900,000,000 bushels, the market figures \$900,000,000, which would make this year's harvest worth \$1,800,000,000, at the government's price record of \$2.00 a bushel.

Isolated areas showing an anomalous increase in production are the case, state being about 10 per cent of the country's total indicate. Larger communities have a forecast of slightly more than \$4,000,000.

This average is the largest on record and the area abandoned from wheat, owing to overabundance, has been reduced to 10 per cent of the crop.

Japan Study Oil in Mexico.
MEXICO CITY. May 8.—A Japanese government commission headed by Eiichi Hasegawa, captain of engineers, has virtually completed an investigation of the petroleum possibilities in the Tampico region, it was learned today. The department of industry and commerce states that the commission plans to conduct surveys in other parts of the republic and that concessions for oil explorations in the northern part of the country, particularly in the states of Durango and Chihuahua have been secured by the Japanese.

A Haynes Chumby Stolen.
ATLANTA. May 8.—At 1:15 South Pershing, reported to the police that his automobile, a Haynes chumby roadster, was stolen from Second and Cincinnati about 10 o'clock this morning.

VETERANS OF FIVE WARS PAY TRIBUTE

Annual Memorial to Those Who
Have Fallen of the Country's
Defenders.

Memorial services of the Grand Army of the Republic will be held at 11 o'clock Sunday morning, May 25, at the First Baptist church in this city, Dr. W. O. Anderson preaching the sermon. The local G. A. R. post will have charge of the services, and will form at their hall and march in a body to the church.

The soldiers of the civil war will be accompanied on the march by the ladies of the relief corps and the ladies of the grand army.

The Spanish-American veterans, the soldiers who served in the Boxer suppression in China, and all the soldiers of the world's great war now here have been invited and are expected to come in body to the services.

There are also two soldiers of the Mexican war in this locality who will be present so that we will have the survivors of the five great wars in which the United States has taken part, leaving only the revolution and the war of 1812 not represented.

German First to Leave.
By The Associated Press.

VERSAILLES. Wednesday, May 7.

The German delegates were the first to leave Trianon palace after the meeting today. Before their appearance, the military guard had been withdrawn so as to avoid any semblance of military honor. Count von

Brockdorff-Rantzau and Herr Landsberg came out first and the whole party was speedily shown into automobiles which left immediately for a British and French escort and moved through crowded streets, the absolute silence of which was oppressive.
